New literature: Freida McFadden - The Housemaid (Volume 1)

The Housemaid

by Freida McFadden is a psychological thriller about Millie, a young woman with a troubled past who takes a live-in job as a maid for the wealthy Winchester family in their luxurious Long Island home, only to discover their perfect facade hides dark secrets and dangerous games, leading her to suspect the wife, Nina, is unstable and that she herself might be in more peril than she realizes, especially as she finds her attic room door locks from the outside.

ISBN: 978-1408728512, €9.99 (Amazon)
